

## DIFFERENTIATORS

- Outstanding Customer Service
- Emergency/ turnaround services
- ASME U Stamp and R Stamp
- Turnkey Production
- Single source provider for repair and rehabilitation of industrial components

## INDUSTRIES SERVED

Refineries

Chemical Manufacturing

Water

Food Manufacturing

Transportation

Infrastructure

Power & Utilities

## CONTACT

### SALES AND PURCHASING

#### Metal Fabrication

Schmidtsales@wasinc.com

#### Industrial Coatings

ERS@wasinc.com

#### Precision Machining

Wagner\_Machine@wasinc.com

## LOCATIONS

#### Metal Fabrication

#### Welding • Industrial Coatings

418 W Front Street,  
Chester PA, 19013

#### Machine Shop

701 Chestnut Street,  
Trainer, PA, 19061

## COMPANY

### Schmidt Industrial Services LLC

("Schmidt" or the "Company") is a leading industrial service company based in the Greater Philadelphia region with a national reach. Our core expertise lies in heavy gauge ASME code metal fabrication, industrial coatings, and machining. As a small, privately held company, we focus on service and quality. That legacy has allowed us to stay in operations since the company's founding in 1948.

### Our Divisions :

**William A Schmidt & Sons**  
(Metal Fabrication)

**Engineered Resin Solutions**  
(Industrial Coatings)

**Wagner Machine**  
(Machine Shop)

**McCarter Chocolate Equipment**  
(Chocolate Processing Equipment)

# SERVICE INNOVATION SOLUTIONS

## CAPABILITY STATEMENT

### Our Capabilities :

**Metal Fabrication**

**Industrial Coatings**

**Machining**

### Core Capabilities :

- ASME Code fabricated pressure vessels (max diameter of 12' and max weight of 31,000lbs)
- Heavy gauge structural metal projects
- Repair, maintenance, and reverse engineering of metal components for heavy industry
- In-house engineering and drafting
- Precision machined components and tooling
- Industrial coatings solving a myriad of repair and maintenance needs including corrosion control, leak repair, and pipe maintenance
